Another Big Building.

Stone & Thomas have decided to build this year an elegant new six-story building on the site of the old brick on the corner of Main street and the alley. It will have a stone front and in style will match the firm's present big building immediately adjoining on the north.

The West Liberty School Fire

The disastrous fire at West Liberty Saturday morning will not interrupt the school, as the old building was not destroyed, and will be used until the building which was burned can be replaced. It is thought the flames originated from a hot air flue. The loss is estimated at about \$20,000, and the insurance was \$12,000.

The Arion Masked Ball.

This evening the Arion society will give its annual masquerade ball. The Opera House orchestra will furnish the music, as usual, and the march into the dancing hall will start at 8 o'clock sharp. The names of the committee are a sufficient guarantee that the affair will be properly managed. Only those wearing fancy costumes will be allowed on the floor at any time.

A. O. U. W. Memorial Services.

Hermann lodge A. O. U. W. held its annual memorial services yesterday at St. John's Independent German church. The services were conducted by Rev. William Ulfert, the pastor, who preached an appropriate sermon. The members of the lodge marched in a body from their hall on the South Side to the church, and there was a very large congregation present.

New Chief Engineer.

Walter J. Sheridan, of Norwalk, has been appointed chief engineer of the Wheeling & Lake Erie, with headquarters in Toledo, to fill the vacancy occasioned by the resignation of Charles A. Wilson, says a Toledo dispatch. Although his home is in Norwalk he has been residing in St. Louis for a few years. Mr. Sheridan is a thoroughly educated engineer of large experience, both in the maintenance of railways, railway structures and docks; a graduate of Cornell and a gentleman who has occupied several important positions during the past ten or twelve years. The selection by the Wheeling company seems to have been carefully and wisely made.

STOCKS SOLD SATURDAY.

The Results of the Sale of the Late A. B. Caldwell's Estate.

Auctioneer Haller sold on Saturday a considerable block of stock and some real estate belonging to the estate of the late A. B. Caldwell.

Eighty-seven shares of stock in the National Bank of West Virginia went to Dr. R. W. Hazlett at \$44 per share, Dr. Hazlett bidding for the bank.

Three lots in division "K" of the Caldwell addition went to Henry Schmullbach at \$150, \$250 and \$100 respectively. Lots Nos. 9 and 10, in square No. 2 went to R. H. Reed. The first brought \$1,500 and the second \$715.

Some surprise was expressed after the sale at the low price obtained for the stock, inasmuch as it carried with it the three per cent dividend recently declared by the company. The explanation was that nobody cared to bid against the bank, that had advanced on the stock, and that was really offering it for sale, inasmuch as, as was assumed, the price would be run up to cover the loan as nearly as possible, and therefore all outside bids would be practically unavailing. Those in a position to know say that the sale is wholly unrepresentative of the true value of the stock, as is shown by the fact that the same stock was struck off to the bank at 25 only a short time ago, and again put up by order of court. The stock has sold in a regular way recently at higher figures than the bank sale of Saturday.

TRADES ASSEMBLY.

A Busy and Exciting Session of the Central Labor Body.

A PROPOSITION TO UNIONIZE

A Local Coal Mine was the Cause of an Extended Discussion—The Settlement of Difficulties to be Made Through the Miners' Union—Many New Delegates Admitted—The Stogelmakers' Grievance Discussed—The New City Charter—Eight Hour Day in City Plants.

Yesterday afternoon a regular meeting of the Ohio Valley Trades & Labor Assembly, the local representative labor organization, was held. The attendance of delegates was much larger than usual, a number of new delegates being admitted and obligated. There was some difference of opinion as to whether the horsehoers' delegate should be admitted, but it was finally decided that that organization was entitled to representation. The following new delegates were admitted: Horsehoers' Protective Association—William H. Coss.

Stonemasons' Union No. 2—George Steadman.
Painters' Union—Blon Miller.
Boiler Makers' Union—B. O. Neal and Joseph Cobley.
United Mine Workers No. 738—L. F. Bowman.

Federal Labor Union No. 91—John Goodhue, James Greenhalgh, Harry B. Smith.

Amalgamated Association, Prosperity Lodge No. 8—Joshua Scott, William Lewis, Edward Dummer.

Journeymen Plumbers, No. 33—W. F. Blowers, John Vierheller, Ralph P. Gould.

State Moulders' Union, No. 21—Richard O'Brien.

Bricklayers' Union, No. 1—Edward King.

The labor difficulty existing between Garfield Assembly, Knights of Labor (clergymen) and a local stogie factory, was before the assembly in the shape of a resolution from the clergymen, asking the assembly to take suitable action. After a lengthy debate the assembly endorsed the boycott instituted by the local union. A second motion to the effect that the arbitration committee endeavor to effect a settlement, was made and passed.

The assembly members of the committee to report on the advisability of adopting a new city charter, Messrs. Tighe and Robertson, reported to the assembly. The committee had reported to council that a new charter should be had.

A letter from Governor Bushnell, of Ohio, acknowledging the receipt of the assembly's endorsement of Hon. W. T. Lewis, of Martin's Ferry, for state labor commissioner, was received.

President Tighe called Vice President Driscoll to the chair and addressed the assembly on the Joachum coal mine difficulty. He gave a lengthy account of the labor difficulties at this mine and concluded with the statement that the proprietor is now willing to unionize his mine. The local miners' union that has been fighting this mine for several years, objected to the assembly taking action on this matter, the boycott having been placed originally by the local union of coal miners and not by the assembly. After a spirited discussion, the matter was referred to the local union for action. It is said there will be a strong opposition to the unionizing of the mines on the lines proposed by the owner.

Delegate A. L. Bauer spoke of the candidacy of Secretary Thomas V. Salisbury, of the assembly, for the district factory inspectorship in Ohio, and proposed that the assembly endorse his candidacy. The assembly endorsed Mr. Salisbury's candidacy.

President M. F. Tighe introduced the following resolution:

Whereas, It is unanimously conceded by all the political economists that shorter hours of labor is the only practical solution of the important question of providing employment for the great number of wage earners who are displaced by the introduction of labor saving machinery;

Whereas, A great number of states and municipalities, realizing the importance of this great question, have adopted laws making it compulsory a legal work day, thereby aiding the solution of the question;

Whereas, Our municipality owns and operates the following plants at which a number of its employees work twelve hours a day, viz: water works, gas and electric light works, therefore be it

Resolved, That we, the members of the Ohio Valley Trades & Labor Assembly do respectfully but earnestly and sincerely request the council of the city of Wheeling to pass such laws as will place those plants on an eight-hour basis.

Snook & Co.'s ad. tell about some of their new goods.

THE little daughter of Mr. Fred Webster, Holland, Mass., had a very bad cold and cough which he had not been able to cure with any thing. I gave him a 25-cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and tender coughs, such as colds, croup, and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious.
